

*Shoot a zebra with a Zulu.  
(And he won't even press charges.)*

**ZULU**   
**Shutter Strike**  
**DRC - Z5**  
DIGITAL REFLEX CAMERA

Introducing the Zulu Shutter Strike DRC - Z5. The Z5 has an amazing 20 megapixels with a powerful 25X zoom. Its high sensitivity to any light situation you could encounter coupled with its shake resist technology, Zulu has brought you a digital camera with real staying power. And thanks to BlueTooth and Zulu's patented GPS technology, you can wirelessly send the entire contents of your camera to your home computer from anywhere in the world, all with the simple touch of a button. Zulu brings you the future, now.

# Sulu, meet Zulu.

If the new Zulu *Shutter Strike* DRC - Z5 is good enough for George Takei, then imagine what you could do with a Zulu camera through your own treks in the world.

The Z5 has an amazing 20 megapixels with a powerful 25X zoom. Its high sensitivity to any light situation you could encounter, and its shake resist technology, Zulu has brought you a digital camera with real staying power. And thanks to Bluetooth and Zulu's patented GPS technology, you can wirelessly send the entire contents of your camera to your home computer from anywhere in the world, all with the simple touch of a button.

Zulu beams the future to you, now.
